## Kansas Goes Republican.

State Ticket and All Congressmen But One Secured by the Republicans for Two Years.

### RIDGELY ALONE WINS OUT.

Returns received from the election in Kansas indicate that the Republicans have elected their State ticket by about 10,000 plurality for Stanley. They have also secured all the Congressmen but one, Ridgely securing a re-election in the Third. They have probably secured a large enough majority in the House of Representatives to control the election of State Printer.

When the first returns came in an increased vote was shown for the fusion ticket, and a great many Republicans in Topeka conceded Leedy's election on account of his increased vote in the cities. Later, however, when the country districts reported it was evident that they gave Republican gains, and by noon Wednesday it was apparent that the Republicans had elected the State ticket. Then it became certain that they had secured nearly all the Congressmen, and finally only the Third district was left to the Populists.

The following State officers will be in power for the next term:

Governor, W. E. Stanley.  
Lieutenant Governor, Harry Richter.  
Secretary of State, George E. Clark.  
Auditor of State, George E. Cole.  
State Treasurer, Frank Grimes.  
Attorney General, A. A. Godard.  
Superintendent Public Instruction, Frank Nelson.

Associate Justice, W. R. Smith.  
The Congressmen elected were:  
At large, W. L. Bailey.  
First district, Charles Curtis.  
Second district, J. D. Bowersock.  
Third district, E. R. Ridgely.  
Fourth district, J. M. Miller.  
Fifth district, W. A. Calderhead.  
Sixth district, W. A. Reeder.  
Seventh district, C. I. Long.

The latest returns from counties as far as can be learned are:

Shawnee county.—Stanley has carried the county by 2,250. Leedy made gains in the city, as did Boyle. Stanley's plurality will be greater than Morrill's by 150. T. J. Anderson, the Republican nominee for State Senator, will probably lead his county ticket, which is elected throughout, although the Populist candidates for Representative, Thirty-eighth district, and County Commissioner came very near winning out.

Wabaunsee county.—Complete returns in Wabaunsee county give Stanley 300 majority; Bailey, 325, and Miller, 350. The Republicans elect Rinehart for Representative to the Legislature and all county ticket, except County Superintendent. The county gave Morrill in 1896 135 majority.

McPherson county.—Complete returns for this county elect the entire Republican ticket, except Commissioner of the Third district. Stanley's majority is 481, and Long's, 229.

Marion county.—Stanley carries Marion county by about 700 plurality; Miller, Fourth Congressional district, by about 550. The Republican county ticket is elected.

Wichita county.—The entire Republi-

They came from Jewell county and were grown last year by John Holmes, of Limestone township, and with ten other ears won first prize over 450 entries in a competition established by Horner & Ross, of Burr Oak. The twenty ears weighed twenty-seven pounds, four ounces. They show what Kansas has been doing to the extent of nearly 3,000,000,000 bushels in twenty years.

can ticket is elected here. Grimes, State treasurer, received 113 majority; Long, 81 majority, and Stanley, 90 majority. The Republican gain is 62.

Mitchell county.—Leedy carries the county by 150; Boyle, 200; Rodgers, Representative, 100, and Reeder, 150.

Butler county.—Republicans carry Butler county on State ticket, 75 to 100 majority. Populists elect one Representative; Republicans one Representative. Mathers, County Superintendent, Republican, was elected. The balance of the county ticket is fusion. The fusionists had an average majority of 480 in 1896.

Harvey county.—Complete returns show that W. E. Stanley carried Harvey county for Governor by a majority of 617; A. A. Godard, for Attorney General, by 528; Chester I. Long, for Congressman, Seventh district, by 554. The entire county ticket was elected by 600 to 800.

Greeley county.—Returns from Greeley county show the following pluralities: For Governor, Stanley, by 67 plurality; for Secretary of State, Clark, by 67 plurality; for Attorney General, Godard, by 67 plurality; for Congressman-at-large, Bailey, by 67 plurality; for Congressman, Seventh district, Long, by 61 plurality. The Republican county ticket is elected.

Greenwood county.—Complete returns from Greenwood county give the follow-

ing pluralities: Stanley, 32; Boyle, 12; Bailey, 45; Martin, 1. The Republicans elect Representative and Commissioner. The fusionists elect County Attorney, District Clerk, Probate Judge and Superintendent.

Neosho county.—Majorities as follows: Stanley, 19; Ridgely, 18; Keifer, 130. The fusionists elect Cline, County Attorney, and Bell, Clerk of Court. The Republicans elect other county officers by small majorities.

Clay county.—The Populists carry the county on State ticket by about 50 majority. Vincent has about 80 majority. Republicans elect all county officers except three.

Woodson county.—Stanley carried this county by 148 majority; Miller by 275. Republicans elected county ticket except County Attorney.

Cherokee county.—Full returns from all precincts of Cherokee county give the following figures, though unofficial: Governor Leedy's majority, 450; fusion county ticket average majority, 150. Republicans elect State representatives for Twenty-fifth district. Judge Skidmore's majority, 200, for Eleventh judicial district; Ridgely's majority for third Congressional district, 500.

Nemaha county.—The following majorities in this county, as shown by the unofficial returns, are: Stanley, Gov-

## Roosevelt Made a Governor.

Rough Rider Defeats Tammany by 20,000 in Spite of Croker's Efforts to Control New York.

### RESULTS IN OTHER STATES.

New York, Nov. 9.—Revised returns as they came early to-day made practically no change in those of last night, which showed the election of Col. Roosevelt, Republican for Governor, by a plurality of 20,000 over Augustus Van Wyck, Democrat. As compared with the election of 1896, when Black defeated Porter, this shows a Republican loss of from 190,000 to 195,000. Roosevelt came to the Harlem river with 105,000 plurality and Van Wyck had but 85,000 in Greater New York with which to meet it. The vote outside the city shows that Roosevelt lost 62,000 as compared with Black. In the city his vote was 61,000 smaller than Black's. In the country districts Van Wyck ran about 20,000 and in the city about 54,000 ahead of Porter. The State's Congressional delegation will probably stand: Fifteen Republicans to nineteen Democrats, a Democratic gain of twelve. In old New York city (Manhattan borough), no Republican has been returned and a notable feature of the election was the defeat by Capt. William Astor Chandler of Lemuel E. Quigg for Congress in the Fourteenth district, where the former overcame a Republican plurality of 11,790 two years ago and won by about 3,000. The State Legislature will be Republican on joint ballot by thirty-two votes, insuring the election of a Republican to succeed Senator Edward Murphy, Jr., on the expiration of his term on March 3, 1899. The State Senate will stand twenty-seven Republicans to twenty-three Democrats, a Democratic gain of nine. The Republicans will have eighty-nine members of the assembly and the Democrats sixty-one. This is a Republican gain of eleven.

### California.

San Francisco, Nov. 9.—California has elected a Republican Governor and probably the entire State ticket by pluralities estimated from 5,000 to 20,000. Complete returns will not be in for twenty-four hours at best, but the election of Henry T. Gage, Republican, over James G. Maguire, Democrat, is conceded.

### Missouri.

St. Louis, Nov. 9.—Returns from all over coming very slowly to-day and though far from complete, everything received points to the election of the entire Democratic State ticket by at least 20,000 majority, and the selection of a majority of members of the Legislature, insuring the re-election of United States Senator Cockrell.

### Pennsylvania.

Philadelphia, Nov. 9.—The complete vote of the State, with four counties missing, gives Stone, Rep., 455,782; Jenks, Dem., 333,783; Swallow, Pro. and honest government, 124,437, a plurality for Stone of 122,099, which will be increased to above 125,000 by the complete returns. The total vote in the State will approximate 950,000.
